

Keune Haircosmetics reveals the true beauty of individuals in more than 80 countries around the world by championing the diverse creativity of hairstylists. With the expertise that comes with nearly a century of innovation, our family-owned and operated global hair care company creates high-quality hair color lines, professional treatments, a thoughtful array of retail products and educational programs to provide the best support for salon professionals and their clients.

"At Keune, we're building something special together"

— George Keune Sr., George Keune Jr. and Eelco Keune
