

Perfect Vision Color Class Overview

This program is a Look & Learn experience, approximately three hours in length. No tools are required, as this theory-based opportunity is designed specifically to inform and guide a new Tinta Color user. The trainer will use a mannequin to provide the visual end-results. An interactive Q & A environment ensures all attendees a thorough understanding of the easy guidelines for successful coloring with Keune's flagship permanent color.

Topics to be covered include:

- » Shade overview, formulations & mixing ratios
- » Swatch chart overview/color level explanation
- » Grey coverage
- » Toning
- » After-Color program
- » Blonding options
- » How Tinta Color works with Keune's demi-color
- » Frequently Asked Questions

We look forward to seeing you at a Perfect Vision experience where all of your "How do I?" questions will be answered. Be sure to bring another stylist for free with your paid ticket purchase!
